

Ionplus⁺

Scientific Instruments for Radiocarbon Dating
and Accelerator Mass Spectrometry

LEA *Low Energy AMS*

The world's most compact
AMS instrument.

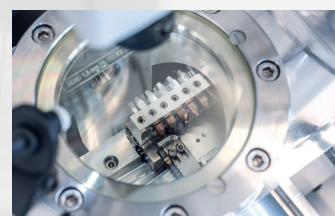

The first ^{14}C -AMS system of a new generation:
The Low Energy AMS LEA combines performance with lowest
site requirements.

MICADAS *Mini Carbon Dating System*

The high-performance
 ^{14}C -AMS system.

Highest performance with Ionplus' flagship AMS system:
The Mini Carbon Dating System MICADAS is a true precision instrument
for your ^{14}C applications.

Dedicated to excellence.
